

Guest Room Directories

GUEST ROOM DIRECTORIES

Give Your Guests an Inviting Reference

Keep your guests happily informed — provide them with an enticing guest room directory that includes essential and helpful details about your business. These turned edge binders feature padded covers with a silver metal ring binding on the inside. The cover's outside material is folded slightly over each edge during construction and stitched around the binder's perimeter; this leaves a stylish outline along the inside black moire, vinyl lining. Square corners are secured with silver metal edges to protect them from bending, keeping them looking great for many years. The directories accommodate 8½" x 11" inserts and include two inside pockets for pamphlets and other small advertising pieces. Pricing includes a 1-position imprint. See decoration section below for imprint options.
